GO HOME

ONCE AGAIN American military aggression in the Middle East has put innocent Britons in the firing line. Even though the British government has for once had the sense to refuse to lend direct military assistance to Reagan's war-machine, the fact that U.S. forces in the Middle East are supplied from American bases in Britain means that we are still a legitimate target in a foreign war which has nothing to do with us.

It is no coincidence that the bombs in Tunisia were planted in hotels used mainly by British tourists. No Arab militant is likely to forget that the American jets which killed hundreds of seeping civilians in Tripoli flew from southern England. Reagan's terror bombing of Libya was carried out with the assistance of our Conservative government.

ZIONIST LOBBY

The U.S. government's hostility to the Arab world and to Iran is a reflection of the enormous power of the Zionist lobby in New York and Washington DC, rather than of any genuinely American national interest. Reagan's use of enormous military overkill against small and ill-equipped nations half a world away from the White House is without any rational or moral foundation.

Even if America did have a just reason to quarrel with Iran, their conflict would have nothing to do with the peoples of Britain. Yet the presence here of over one hundred U.S. military bases would still make us all targets in six-gun Ronnie's international shooting gallery.

So once again the blood of innocents adds urgency to a basic Nationalist demand: **FOREIGN TROOPS OUT OF BRITAIN**

NEW LOOK NF NEWS

FROM NEXT issue your *National Front News* will appear with a completely redesigned masthead. The new look is shown here. The new design and colour scheme - black, red and green, instead of black, red and blue - will allow us to replace the old flag of the centralized Westminster state with the fine banners of each of the peoples of the British Family of Nations.

This change is symbolic of the way in which the National Front has progressed from unthinking support for City of London imperialism to the genuinely Nationalist "Third Position," which recognizes the right of *all* nations and races to run their own affairs free from interference by others.

TRADITIONS

It also gives pride of place to the Celtic Cross. This ancient and powerful symbol arose from a fusion of Christianity with the native pagan traditions of our peoples. It rose again in honour of the Flower of our Youth on thousands of proud and sad memorials after the Great War. And it has now become *the* design recognized by all National Revolutionaries in Europe as a symbol of our common determination to avoid another tragic European Brothers War - and to end the domination of our lands by Soviet tanks and Wall Street banks.

As this century draws towards its final decade, it is time to lay aside old ideas and old flags. The British Empire is dead. Long live the British Family of Nations!

Keep Britain out of foreign wars

AS WE go to press, Britain seems to be being steadily dragged towards direct involvement in the Gulf Crisis. Although making a show of refusing to provide British minesweepers to protect the Imperial U.S. fleet, the government is now reported to be considering joining some sort of "European" task force which will push its nose into the affairs of independent Middle Eastern state – and probably get a well-deserved bloodbath as a result. The British naval presence in the area has already been doubled.

The unholy alliance of the U.S.A. and the Soviet Union, the Zionist media and America's European puppet states all working together to prevent an Iranian victory in the Gulf War is a revolting spectacle. The war in the region was started by the unprovoked Iraqi invasion of Iran, the so-called "tanker war" was started by Iraq in an effort to cut off Iran's oil revenue, and the American warship U.S.S. Stark was hit by an Iraqi missile.

ALTERNATIVE TO DOMINATION

But since Iran's Islamic fundamentalism threatens to create an alternative to the domination of the Middle East by the capitalist and communist Super Powers, it is no surprise that the question of war guilt and the rights and wrongs of the sad conflict are being ignored. All the Super Powers are worried about is the blow which an Iranian victory would deal to their corrupt and tyrannical grip on this part of the world.

This is a problem all too familiar to politically aware Europeans, for our continent too has been torn in half by the same forces of Soviet and American imperialism. The U.S. fleet now occupying the Gulf is supplied and protected by the U.S. forces which also occupy Britain.

WELCOME OPPOSITION

The struggle against U.S. military, economic and cultural domination is international in scope. Nationalists in Britain must welcome opposition to Reagan & Co. from any group or nation anywhere in the world. We must resist the pressure of the Zionist/Capitalist media to conform and stand by America because she is 'western and white.' For the truth is that the United States Coca-Cola melting pot is the biggest threat that Europe and the White race have ever faced.

Whatever happens in the Gulf, our stand must remain the same:

**No British Blood in U.S. Wars.

The Evil Twins

Dear Sirs,

I have been a regular reader of *NF News* since last January. Each two or three weeks I wait for an excellent newspaper which tells me what's going on in Britain. The mass media (controlled by Zionists) don't tell the truth about the decline

of Britain.

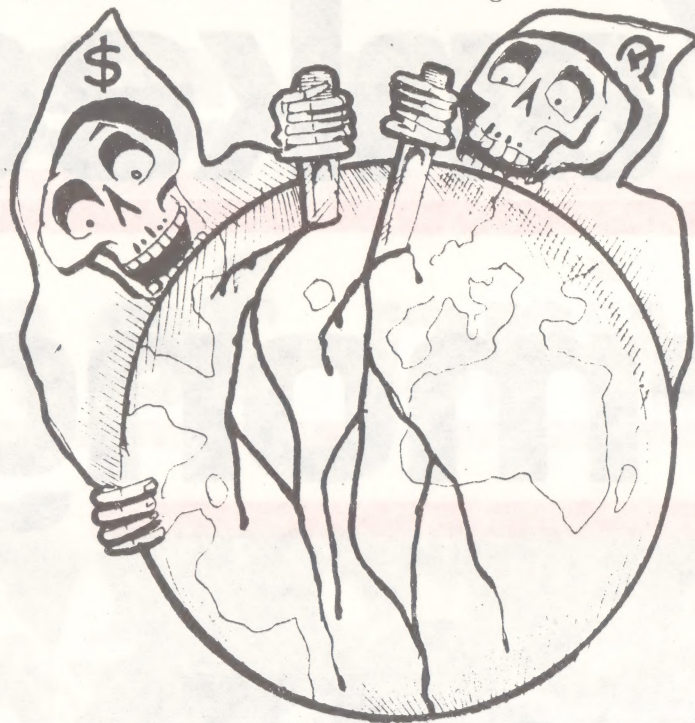

Yes, I agree with you that Mrs Thatcher betrayed the British nation of Ulster. Why did she send British soldiers to fight against Argentinians in the Falklands, but not do anything for British Ulstermen and women? And I'm pleased you think unemployment is caused by the System, not mass immigration.

But I see Communists as equally as bad for Britain as Thatcher and the Tories. The Left-wing want to make Britain

a Communist state and perhaps a part of the Warsaw Pact.

Keep up the good work.

THE VOICE OF CHRISTIAN AFFIRMATION

Christianity is degenerating rapidly from within. Active groups of traditionalist Roman Catholics have been fighting this trend in their religion for some years, but until recently there has been little sign that members of other denominations have shared their willingness to combat the liberal and social perversion of "modern" Christianity.

But now this seems to be changing. The Christian Affirmation Campaign is an alliance on non-ecumenical Christians who have joined together to fight the moral disintegration of their faiths. To this end they have produced leaflets under the heading "Facts First" which deal with aspects of this degeneration.

For example, in a scathing attack on misguided charities such as Oxfam and Christian Aid, they state: "The problems of the Third World are not primarily

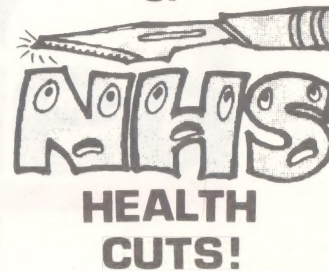

economic, but political – tyrannical rulers, tribal wars, corrupt officials, waste, extortion, incompetence."

"Christian Aid and Oxfam tell us that the poverty and hunger of the Third World is due to the greed and indifference of the West. The fact is that they are due to the greed and indifference of Third World rulers kept in power by Western aid."

We hope that this accurate analysis will in due course be complimented by an understanding of the role of the international financial system in bleeding the Third World to death. Indeed, we trust that the recovery of traditional Christianity will include a return to the condemnation of the evils of the usury on which the unjust power of the banks is based.

The C.A.C have also produced an interesting book entitled *The Voice of Christian Affirmation*, which is based upon the text of 13 C.A.C. talks over the years. It can be obtained for £ 3.20 incl. p&p from Christian Heritage Publications, 30 Clifton Road, Worthing, West Sussex.

HEALTH CARE? or

THE NATIONAL HEALTH Service is suffering from growing strain as a result of AIDS. Already reeling from Tory cuts and bureaucratic mismanagement, the NHS is now being hit hard by the massive bills run up caring for AIDS victims.

The likely cost to the NHS of one new drug which helps slow down the disease is expected to be over £ 1 Million. The drug, *Retrovir*, is manufactured by the pharmaceutical giant Wellcome, whose shares shot up by more than £ 360 Million when it was announced that the drug would be used.

Other extra expenses resulting from AIDS include the giving of unlimited supplies of free needles to drug addicts to stop them catching and spreading the deadly virus through shared syringes.

So babies die because of the lack of special care units, children and adults die from the shortage of kidney machines, and pensioners die because of the cold – all because there "isn't enough money." But drug addicts and homosexuals get everything possible to ease the deadly effects of their own degeneracy and perversion.

For the innocent haemophiliacs and others who have caught AIDS from live-saving blood transfusions, no treatment can be too expensive, and the NHS must be given the money needed to help them at once. But those who bring it upon themselves should follow the advice of one Scottish doctor and go away and slit their wrists!

FRONT-LINE ACTION

Ulster

THE ULSTER National Front is standing its first local election candidate. Mr David Kerr lives on the Rathcoole estate and is the former editor and publisher of the radical Loyalist paper *Ulster Sentinel*. He is also a member of the NF's Ulster Central Executive. The election will be held on September 17th. Leafletting, door-to-door paper sales and canvassing have already started. Helpers and donations are urgently needed in order to make our first local election campaign in Ulster really effective. If you can help contact Rathcoole NF, PO Box 3, Newtownabbey, Co. Antrim, Ulster or ring (01) 373 3432.

TECHNOLOGY FUND APPEAL

IN ADDITION to the Technology Fund, the following donations towards the NF's General Election abstentionist campaign were received:

A.W., Keighley - £5; A.G., Accrington - £1; J.G., East London - £32; J.W., South London - £10.

This total of £48 helped pay for the range of posters used to get the basic Nationalist message over to many thousands of people. Thank you.

THE REPRESSION FILE

If you become a sufferer or know of some act of repression in your area, help us to publicize the facts. Write with details and dates to the NWA at P O Box 57, Romford, Essex, RM7 9BG.

* **EGHAM.** Since the *NF News* Supporters' unit in this small town just west of London won local headlines with its "Don't Vote" campaign, the police have become more obviously hostile. Previously, Special Branch officers had asked the caretaker of the hall used for meetings to give them details of the number of NF supporters attending and the sort of things discussed.

Now this amateur spying has been followed by moves to stop *NF News* from being sold on the streets. A normal and quite peaceful sale was watched for some time by an Asian policeman, who then radioed for assistance. Two more officers arrived two minutes later. The sellers were threatened with arrest and with the illegal confiscation of their papers.

Fortunately, the Egham activists refused to be intimidated and went to the police station to make a formal complaint against the officers concerned. Paper sales will continue as normal.

Although in itself a small incident, this is typical of the low level harassment which is slowly but surely increasing all over the country.

* **ROMFORD.** The two activists who had their houses ransacked by police officers after being accused of putting up anti-mugging posters (see issue 92) received conditional discharges when their case came up at the end of July. They were merely ordered to pay £15 in costs, which shows that the court was not too impressed by the pathetic police prosecution, nor by the destructive and intimidatory police raids on their homes.

* **BELFAST.** After a second break-in at the Beacon Books shop in Templemore Avenue, it was decided not to report the matter to the police. Yet at the pre-patrol briefing given to U.D.R. patrols in East Belfast that evening, the soldiers were told that "the NF shop was broken into last night."

This was not discussed on the phone and only a couple of people knew about it at the time, so how did the authorities know? Either because they have the premises under permanent surveillance, or because the break-in was the work of the security forces themselves. The voluntary staff and the Ulster NF's Central Executive are convinced that the latter is the case.

"The break-in was a fairly professional job and nothing worthwhile was stolen," Ulster Executive member David Kerr told *NFN*, "we are sure that it was an information gathering exercise by MI5 or Army Intelligence. They probably planted a bug as well. It's the sort of trick the State gets up to all the time in Ulster nowadays."

* **ULSTER SALES.** NF activist travelling over for the 12th sales stopped and taken away for questioning at Liverpool docks. Names and addresses of sellers taken by police several times and cars stopped and searched.

Plain-clothed and uniformed police approach a woman seen talking with two NF sellers waiting for Belfast parade and ask who they were and where they have gone. A recently retired police reservist tells another activist that he recognizes a man trying to listen to their conversation as being from the Special Branch.

All spectators, and *NFN* sellers, travelling to the Lurgan parade are illegally stopped by police officers and turned back or forced to walk nearly two miles to get to the traditional and entirely peaceful parade.

* **THURROCK.** In the space of one week one Thurrock activist had his bag searched coming off a train on the way to a paper sale; was refused entry to his home unless he opened his bag; had one uniformed and one plain-clothes policeman in an unmarked car outside his house for 24 hours, and was roughly stopped on the way to work in the early hours of the morning and accused (wrongly) of going postering. Intimidation is clearly the name of the game.

LEEDS

LEEDS National Front are continuing to set a good example for other *NF News* Supporters' units in the rest of the country. Not only are they carrying on with their campaign to save Kirkgate market from destruction, but they are also involved in other local activities. NF officials are helping to organize petitions for the campaign to rebuild York Road Baths. As well as this the unit is about to press the local council to start a dial-a-ride scheme for the city's disabled. It would mean buses picking up and dropping off invalids where they wanted to go, thus giving them the type of freedom able-bodied people take for granted.

Such a scheme would be used by over 70,000 people in Leeds, and would cost only a fraction of what the Labour council spends on funding homosexual community centres, lesbian contact lines and various Marxist-orientated groups.

Leeds unit have also started to concentrate on a target ward, and in addition to their own locally-produced paper, have produced a ward *patriot-style* leaflet. The target ward is within the constituency where Leeds activists concentrated their efforts in the recent General Election.

Four thousand 'Don't Vote' leaflets were distributed, resulting in a large number of enquiries. No doubt this contributed to the low turn-out which was more than 10% below the national average.

NORTH WEST

NF NEWS sellers from Liverpool and Blackpool did a fair trade at the big English 12th July celebrations at Southport. A dozen activists sold just under £20 worth of papers and posters.

The NF sellers were surprised to see a massed turn-out of three members of the reactionary *Flag* splinter group from the entire north west of England. Even stranger was that they were joined by the three main members of the police/drunks faction in Birmingham. This was odd because these people had promised to take a full minibus over to Ulster for that weekend.

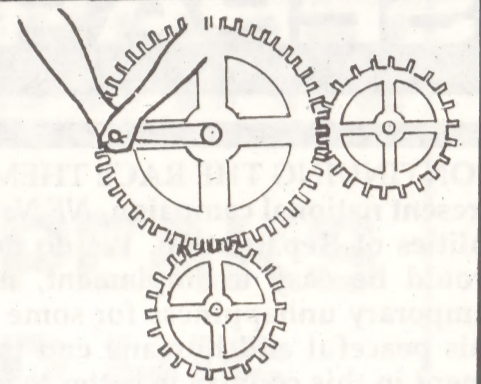

The failure of the fast flagging splinter group to send anyone to Ulster for the biggest loyalist parades of the year was matched by their failure to sell many papers in Southport. When the *NF News* sellers were approached by a crowd of hostile half-caste "Orangemen," the splinter group quickly made themselves scarce and disappeared into a quiet pub. The *NFN* sales team stood their ground and continued to get over the Nationalist message until the parade had passed.

In spite of the self-interested and weak leadership of the Orange institution, and the mindless sectarian bigotry which it fosters, the parades themselves are an inspiring and all-too-rare display of truly popular folk culture. And, of course, they draw a crowd with greater than usual interest in Ulster. Some of these people are naturally receptive to the NF's constructive proposals for an independent Ulster, so Liverpool and Blackpool supporters are to be commended for returning to this event year after year.

WHAT IS TO BE DONE?

THIS COLUMN is specially designed to keep all NF officials well informed of forthcoming activities and to remind them of what needs to be done over the next two weeks.

All NF officials and activists must therefore make it a **top priority** to read this column carefully each issue, and then to **act** on the information.

* **CADRE SUMMER CAMP: 29th - 31st August.** Cadres and candidates only. Attendance vital. Make arrangements for NFN Supporters and Friends of the Movement to keep up street sales over this weekend. Final details from GW. Don't forget sleeping bag, camp cooker, eating irons, notebook and pen.

* **REMEMBRANCE DAY. Sunday 8th November.** Advertise this major march and rally in every bulletin from now on. The Metropolitan police are still refusing to reply to communications about the planning of this event. Only a maximum turnout will secure our right to hold our traditional activity on this solemn day.

* **BULLETIN BOARDS.** Will any reader with experience of computer bulletin boards - whether running one or simply using one - please write with brief details of his/her experience of this to *NF News*, P O Box 41, Norwich, Norfolk.

* **CADRE EDUCATION.** All cadres and candidates must have read the *Green Book* by the end of the month. Also make sure that you and all your comrades have read and learned the vital lessons on internal security in the new NF booklet on the subject (available from Burning Books for 50p incl. p&p.)

* **CONTACT PHONES.** East London, the North East and the NF nationally now have these operating with a 24 hour answering service. North West region and South London should aim to follow suit by the end of next month. Any donations to help the NF of Ulster buy one would be gratefully received at Beacon Books, 134 Templemore Avenue, Belfast, BT5 4FX.

* **RACE CAMPAIGN PUBLICITY.** Bring press cuttings and reports to Summer Camp. Always ensure that cuttings, activity reports and black and white photos are sent in to NFN promptly. And phone brief details of particularly important events or problems to the national contact line - 01 373 3432 - straight away.

* **CAN'T TYPE?** Then make yourself a more useful Nationalist - book yourself in for a course of evening classes with your local Adult Education centre this autumn. Details in your nearest library.

* **MAKING MONEY?** Your unit should be. What are you doing to help? Every comrade should have a loose change jar by the front door. Small groups should run a monthly car boot sale. Every unit should join the Distributist League. Making money for the movement is easy - it's just a matter of hard work! Don't get angry - get rich!

END EXPLOITATION

WE DEMAND

SEPARATE DEVELOPMENT

CONTINUING THE RACE THEME of our last issue and the NF's present national campaign, *NF News* this issue looks at the practicalities of Repatriation. We do not pretend that these proposals would be easy to implement, nor that they would not cause temporary unhappiness for some people. But we do believe that this peaceful and humane end to the failed multi-racial experiment in this country is better than the explosion of bloody racial violence which is inevitable if nothing is done.

We do not blame the immigrants for having been lured to our country by false promises of wealth and happiness. We do not hate coloured peoples, nor do we wish them any harm. The real enemies of us all – Black, Brown and Yellow as well as White – are the capitalist, Marxist and Zionist race-haters who seek to destroy our separate racial and cultural identities through race-mixing.

HOW WOULD THEY GO?

FIVE MILLION immigrants and their descendants will be resettled abroad over 10 years at a rate of 100,000 families each year – around 500,000 people.

British Airways carries nearly thirty times that number of passengers each year, so it won't be difficult. It works out at fewer than 1,500 people a day – around three plane loads. Heathrow airport could deal with them in about ten minutes.

HOW MUCH WILL IT COST?

AS WELL as their fare home, each family will receive a £5,000 resettlement grant. This is five times the sum suggested by the West Indian run "Homeward Bound" repatriation scheme set up by the East London Black community leader Dr. Ashton Gibson in 1981.

This may sound a lot, but the social security programme now costs over £2,000 per family each year in any case. In addition it costs the taxpayer thousands of pounds a year to keep an unemployed man and his family. Since around 20% of Black adults are unemployed, we would quickly save money by paying them to go home.

It will also lead to 50% more houses being made available to new occupiers every year. This would slash the amount spent on expensive and

unsatisfactory temporary accommodation for homeless families. So we can afford to give the coloured victims of multi-racial exploitation a decent grant to start their new lives in their own homelands.

WHERE WILL THEY GO?

BACK TO their own lands of ethnic origin or, if they wish, to developing countries such as Brazil, which will welcome British trained immigrants.

WHY SHOULD THEY BE ACCEPTED?

BECAUSE THEY belong there. But also because those countries desperately need the skills that they will bring. For example, with more than 5,000 White doctors on the dole, Britain does not need Coloured doctors, but in poor countries like India they would save thousands of lives.

We will help these countries build up their economies in return for help in taking returning immigrants. The West Indies, India and Pakistan will each be given £400 Million every year in special aid to help them absorb the extra people. This will still cost less than is at present squandered on foreign aid.

WHAT ABOUT THEIR BELONGINGS?

RETURNING IMMIGRANTS will be allowed to take with them the proceeds

Immigrants have always suffered oppression and injustice in British society. In the centenary year of that great man, Marcus Garvey, it is perhaps more important than ever that like-minded peoples begin to work together for the benefit of all races.

of the sale of their homes and businesses. This will have little effect on our economy as it will only amount to a tiny fraction of the £1 Billion at present sent out of Britain every three months by unpatriotic big investors (a drain of capital which will be halted by law on the first day of NF government).

Immigrants who have worked and paid taxes in Britain will be paid their pensions in full even after they return home.

With this varied and generous financial help, these people will be able to set themselves up comfortably in their own lands as useful and productive citizens.

MP exposes Wright loophole

This news report is published under British Government restrictions.

A KEY weakness in the Government's attempts to impose sweeping censorship on Peter Wright's M15 disclosures in his book 'Spycatcher' emerged last night.

At a party meeting in Hackney, east London, Labour MP Mr Dale Campbell-Savours defiantly made a further speech about the M15 plots against Harold Wilson, quoting from pages 368-9 of the banned 'Spycatcher' memoirs, one of which reproduce on the left. He

The Government yesterday obtained an emergency injunction in the British colony of Hong Kong, stopping the *South China Morning Post* from continuing to serialise 'Spycatcher'.

The media Barons complain as Thatcher beats them at their own game

South African style censorship operational in Britain

The burnt-out wreck of the private hire car.

IN THEIR feeble campaign to stand up to government censorship of reporting of the Peter Wright *Spycatcher* case, several of the top national newspapers have followed the lead of the *Sunday Observer* of 2nd August. In a protest against the legal gag against publishing details of the book, they now start their reports with a note pointing out that they were compiled "under British government restrictions."

This is a clever little "dig" which draws attention to the similarity between the reporting restrictions imposed in this case by the British government, and those used in South Africa to restrict coverage of protest against the unjust petty apartheid of the Botha regime.

But the *Observer* wasn't the first paper to make this telling jibe. A month before any Establishment newspaper started to complain about this new State attack on freedom of speech, the *NFN* unit in Leeds spotted the propaganda value of the comparison with South Africa.

RIOTING

In late June the immigrant dominated Chapeltown area of Leeds was hit by three nights of rioting and looting of shops. Cars being driven past the area by ordinary White folk were stoned and several vehicles were burnt out.

The violence was hushed up in the national media for fear of sparking off "copycat" riots in similar areas elsewhere in the country. Ironically, this is the same excuse used for the reporting restrictions in South Africa about which the same journalists complain so bitterly.

Within a few days, Leeds activists were doing their bit to counter this conspiracy of silence by giving the events front page coverage in their own local paper *Frontline*. The part reprinted here shows how our people in Leeds beat the national papers by a month in pointing out that the British Establishment's claim to believe in freedom of speech is a hypocritical lie.

FREEDOM MURDERED

The truth is that the Race Act has murdered freedom in this country. So far it has been used mostly against White Nationalists. But the signs are that it is steadily being extended to our Black counter-parts as well. A West Indian club was recently found guilty of racial discrimination for firing a White bar steward. So Blacks who don't want to mix with Whites are now coming under attack in the same way as Whites who prefer to socialise with their own kind.

The Race Laws are now even being used to prevent employers in Welsh speaking Wales - Y Fro Gymraeg - from exercising their right to employ local people who speak the ancient language of their nation. And it has been suggested that they could be used against Arab students here who campaign against the Zionist occupation of Palestine.

It is clear that the Race Laws are not just designed to repress English racialists. Their real purpose is to crush anyone - English, Black, Welsh or Arab - who dares to oppose the race-mixing and cultural distortion which threaten to destroy every nation and race on earth. Congratulations to Leeds NF for spotting another little way to resist this evil.

No.2 — The Voice of Leeds NF — July 1987

DISTURBANCES IN LEEDS 7 DISTRICT

Trouble flared in the Chapeltown area of Leeds during Sunday 21st June and the early hours of Monday 22nd. Bricks were thrown at passing cars and vehicles were set on fire as youths went on the rampage following the daring decision by police to arrest someone for breaking the law. The problems occurred when police made an arrest following a disturbance in a house in Grange Terrace, Chapeltown, the arrest triggered twelve hours of street troubles but according to police sources, "No one was injured."

The main reasons for the outbreak of trouble on the streets would appear to be rumours that spread through the area that the 17 year old youth originally arrested, and who was taken to Chapeltown Police Station, had been assaulted while in police custody. This allegation was immediately denied by senior police officers.

The youth who was arrested is being charged with causing damage to police vehicles, several other youths were arrested following the disturbances later in the day. The area calmed down in the early hours of Monday and at first light there was little sign of damage to shops or domestic property, giving the media a chance to hush it all up quickly.

Given the current restrictions on reporting incidents of a r----l manner we are unable to give further details as to the descriptions of those taking part in the disturbances, it could well be that the matter will now be denied by the Authorities as the working of someones' imagination. So for the record, cars were driven at bricks on Chapeltown Road and 60 or 70 youths were not stoning police cars.

ONE THING THEY CANNOT DENY, SUMMER MUST BE HERE.....

WHITE YOUTH are fighting back! For years we have been force-fed an endless diet of race-mixing and pro-Communist propaganda through the capitalist music industry. Bands which dared to sing pro-White songs were denied gigs, recording contracts and publicity. The merest suggestion that a band was patriotic and pro-British was enough to wreck their chances of succeeding in a business dominated by Marxists, Zionists and the Super-Rich.

But for the last few years, a group of pro-White bands and activists opposed to the anti-British stance of the music industry, have been organizing to fight back. So now patriotic young musicians don't have to choose between selling out and getting nowhere. And fans don't have to put up with race-mixing propaganda at concerts, in their music paper, or on every track of a record.

REAL CHOICE

Bands and fans alike now have a real choice: **WHITE NOISE**. White Noise was formed when a group of bands and individuals with Nationalist sympathies got together to build an alternative to the corrupt music industry.

WHITE NOISE is now a powerful organization which holds the biggest White rock concerts ever seen in Britain. It distributes a whole range of merchandise including records, tapes, patches, T-shirts, posters and badges. These promote and publicize **WHITE NOISE** bands like **BRUTAL ATTACK** and **SKULLHEAD** — bands which would otherwise be buried by the music industry's conspiracy of silence.

WHITE NOISE produces a regular eight page fanzine which contains: interviews with your favourite bands; photo features; gig reviews, and much, much more! This fanzine is sent free to **WHITE NOISE** members six times a year. Members are also sent details of special offers and given reductions on tickets for **White Noise** gigs.

The creation of this Nationalist counter-culture is an important part of our Battle for Britain — and it's fun for those who get involved. So don't get left out — get into **WHITE NOISE** and **rock for Britain!**

Please rush me a sample copy of the *White Noise* fanzine. I enclose a 50p postal order (£1 overseas).

I wish to become a member of **WHITE NOISE** and enclose £6 (£10 overseas). Please make cheques/P.O.'s payable to "White Noise."

COMMUNITY ACTION

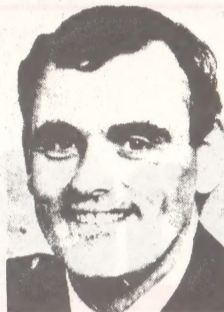

COMMUNITY ACTION is the local campaigning wing of the National Front. The NF believes that people should organize self-help schemes to get things done in their own communities. Every step which reduces our servile dependence on political parties and the "Nanny State" is to be encouraged.

This page exists to publicize and support such initiatives, whether they are organized by active nationalists or by other members of the public.

FIGHTING FOR OUR COMMUNITIES

Storm over NF hooligan patrols

STAY OUT WARNING TO VIGILANTES

Superintendent Kershaw... denied permission.

FOLLOWING the success of the NF's Barking and Dagenham unit and their local Community Protection Patrol, the Community Action section of the NF unit in Blackpool has seized upon that initiative and started to operate their own anti-mugging patrol.

From its inception the patrol in Blackpool has received wide media coverage as can be seen from the reproduced press cutting on this page, and has become one of the most talked about subjects in Blackpool in recent weeks. Although the local NF have found a mixed reception for the patrol in the letters columns of the local papers, the reaction of the public on the streets and in the estates has been extremely sympathetic.

HOSTILE

Not suprisingly, the police and local authorities have publically condemned the patrol and have become very hostile towards it. Perhaps, as in the case of the Community Protection Patrol in East London, this is because of their own inability and lack of success in combatting the rising level of street crime in the area.

It has been suggested in Blackpool that the patrol may cause a violent confrontation with those whom it seeks to combat. Any local residents who may have reservations about the patrol due to this suggestion, should feel reassured with the results of the continuing Barking patrol. After a short space of a few weeks, the police were forced to admit that street crimes in the area had taken a nose-dive. For example, muggings were down 14.3% and sex offences down a staggering 41.81%. It also caused the police to introduce more foot patrols to try and stop the need for Community Protection Patrols starting up throughout the Borough.

The Blackpool Community Action team are hoping that local residents will come forward and help run the patrols, and they are very optimistic that they can achieve the same sort of results that were gained in Barking.

NATIONAL Front activists have set up a vigilante-style squad to stamp out hooliganism in part of South Shore — but it has already run into trouble with the police.

Blackpool NF claims its night patrols will stop stone-throwing thugs attacking residents' flats in Burlington Road West.

An NF Press statement sent to the "Gazette" stressed the patrols were not 'vigilante' — but a spokesman confirmed citizens' arrests would be made if 'perpetrators' turned violent.

Three NF members who visited pensioners at the flats claimed to have police permission for their campaign. Superintendent Bernard Kershaw, South Shore police chief, denied this, saying, "No such permission has been or will be given by the police for this type of vigilante service in South Shore or any other area of Blackpool."

Scared

Mr [redacted] committee member of the NF Community Action Group or-

ganising the patrols, said they were necessary because police were taking no action against vandals.

He commented, "We are not there to attack anybody but we just don't think enough is being done to protect residents by the police. We only wish it was. Residents are scared and we want to help them. We already operate these community schemes in Grange Park and Mereside."

Flat resident Mrs Gwen Goring said, "Two men and a girl knocked on my door. They were very respectable and said they were offering a protection service which would cost me nothing and which had permission from the police."

"At first I thought it was a good idea as long as there was no violence and I did feel safer. They said they would have a van patrolling the street late on Friday night. I found out that the police have not given permission and so I am very wary about the whole thing now."

ALL NF units and any Community Group that would like their work publicised should send copy of the details of their campaigns to: Community Action, PO Box 41, Norwich, NR3 2AH.

These reports should if possible contain copies of any leaflets, posters and other campaign materials, along with any press publicity that has been gained and black and white photographs.

Is your council or MP letting local people down? Is your community threatened by school, factory or hospital closures, or by pollution or violent crime? Does a Community Action project in your area need publicity and support?

If so, talk to your NF News seller about it and involve your local sales unit. Or write direct to Community Action telling us what is going on and what needs to be done. Wherever possible, we'll provide advice and publicity.

A Third Way Beyond Capitalism and Communism

Those worried men of privilege

THE ULSTER National Front's big summer drive to build support for an independent Ulster is making a major impact. The revolutionary scale of our proposals has stunned even usually hostile journalists into reasonably fair reporting of the NF's message. The contrast between our constructive plans to throw off the Thatcher yoke, and the abject failure of the established unionist politicians to destroy the Anglo-Irish Agreement, has become crystal clear. So clear that the failed old unionists have taken to attacking the Ulster National Front instead of the **real** enemies of our land — the governments of Britain and Eire.

The best example of these new developments came in the *Sunday World*. Veteran anti-NF hack Jim Campbell "revealed" the shocking fact that the Ulster NF is urging loyalists to strike their own rate, withhold taxes, take over factories and set up community police groups to replace the brutal RUC. Of course, Campbell keeps quiet about the fact that the NF sees this loyalist counter-power as a first step towards a democratic and non-sectarian Ulster nation, but at least our radical demands have broken through the media's usual wall of silence.

The *Sunday World* piece also showed that the unionist fur-coat brigade have stopped pretending that the Ulster NF doesn't exist, and have instead turned to open attacks in an effort to stifle criticism of their pitiful record of failure.

CONCRETE PROPOSALS

The contrast between the NF's concrete proposals for an effective campaign against the Northern Ireland Office/ Dublin junta, and the unionist waffle about being "on the right track" is very clear. If Paisley and Molyneux were on the right track, the NF would be the first to admit it, but the continued existence of the Agreement shows that they are not.

The most striking point about their attack on our movement is the claim that the Ulster NF is "out of touch" with loyalist feeling. If this were true, the outspoken attack on the record of the old unionist leadership on the front page of the last *NF News* would certainly have offended many people. But although thousands of copies of that

issue were sold in Ulster, *not one* person complained about our blunt statement of the truth.

In fact, a number of buyers came back and said that they were glad to see someone prepared to say publicly what they have said in private for months: *"The old windbags have failed. We've had enough of their Grand Old Duke of York tricks."*

CORRUPT STATE

It's not the Ulster National Front which is out of touch — it's the people who still think that we can maintain a "union" with a corrupt State which is determined to push us as quickly as possible into the grasp of a hostile foreign power.

Some of the people who pretend that "union" is still a realistic aim do so because the economic and political changes needed for an independent Ulster to survive would destroy their

own privileged positions. Others have an even more sinister motive for their apparent blindness to the truth. Since independence is the only way for Ulster to end forever the threat of Dublin rule, it is no surprise that the intelligence services of the treacherous Westminster state are trying to discredit the idea. Which is why various police plants and disinformation campaigns have been working overtime to try to disrupt the NF.

The Ulster NF's Central Executive has issued a warning bulletin, entitled *Smearmongers at Work* in response to the latest product of the police lie factory. An anonymous orange coloured leaflet has been sent out to the press and key loyalists claiming that the NF criticism of the Paisley/Molyneux leadership is an attempt to divide loyalists. It goes on to claim that the "real" reason for the critical approach is that the articles are written by a member of the mainland Front's

leadership who happens to be a Roman Catholic.

The NF's reply points out that this is yet another lie, as most of the Ulster articles in this paper are written in Ulster, by an Ulsterman, who happens to be a staunch adherent of the Reformed Presbyterian Church.

ANONYMOUS SMEAR

This is more than can be said for the anonymous smear, whose author cannot even spell "Presbyterian" and who lives in East London, rather than East Belfast!

It should come as no surprise to Ulster folk to see top unionist politicians and low life police grasses uniting to attack the National Front. Their common personal interest is the maintenance of the *status quo* which is strangling our nationhood. **Our aim is a New Ulster. And we intend to win!**
